WHO IS LUDKINS COLLECTABLES?

Ludkins Collectables is the most trusted Trading Card Game TCG service provider within the TCG industry. With a genuine love and insight into the hobby, we've perfected our methods to help provide a safe, secure, and professional marketplace and grading service.

Founded in February 2013, our company started grading Pokemon cards to resell. Over time, our buyers made it clear that they wanted to grade with us in addition to buying our graded cards. We created an affordable service that gave members of our community access to grading services for less money, time, and effort than grading themselves. Now, with more than 50,000 customer cards submitted and over \$3M in services rendered, we have become the largest PSA grading service in the world.

In addition to being the most experienced, affordable, and secure grading service provider in the world, we are the only such service authorized by PSA.

Why Grade Your Cards?

Collectors and retailers grade cards for a variety of reasons:

- Protection
- Maximizing Value
- Sentiment
- Proof of Authenticity
- Other

Protection

PSA's cases are rigid and plastic. Additionally, they are tamper-evident, meaning your cards are forever encapsulated and protected from further wear or damage.

Maximizing Value

Collectors and retailers looking for good returns on their cards should generally aim for the 9 to 10 grade. However, some cards can be incredibly valuable no matter what the grade is (depending on the rarity).

No matter the grade, it's a great way to show any potential buyer what condition the grade is prior to sale.

Sentiment

Many of us have cards that we had during our childhood. No matter what the reason is, it's always nice to have our most precious cards encapsulated.

Other

Many of our clients grade their cards for multiple reasons. These include love for the artwork or the desire to complete the whole sets (commons included). No matter what the reason is, we will happily assist.

Why Grade Your Cards with Ludkins Collectables?

PSA-Authorized -

To put your mind at ease, we are officially authorised by PSA to conduct this service.

Save Money and Time -

We service hundreds of customers across the entire US every month, allowing us to pass the savings that come with high volumes on to you. And we do all the work! There are no extensive forms to fill in or complicated hoops to jump through. Simply ship your cards securely with your name on the box, and we do the rest. No membership fees, no hidden costs, and no hassle.

Pre-Screen -

We give non-sports cards a thorough screening with an experienced grader and pass the estimated grade range on to you prior to shipment. Having this information allows you to make the best decision about which cards you want encapsulated by PSA. This highly popular service saves customers tens of thousands of dollars annually and helps prevent undesired grades.

Insurance -

Couriers will only insure you for the price you've paid for the card - with proof of purchase.

However, our insurance upon return from PSA will be insured for its new, current, market-graded value. No other couriers or services, including PSA, offer this level of protection.

Separation of Orders -

In the event of receiving the exact same card from multiple users, we split the orders up into submissions of around 50 to 100 cards. This means that PSA grades and ships separately so that there is no possibility of mixing up cards.

Custom Packaging -

Cards are shipped in custom-made boxes to PSA and from us back to you. These are double-walled and fit perfectly for your cards for ultimate protection.

Shipping -

All orders are shipped with tracking to PSA, back from PSA, and from us back to you.

The Grading Process

Please familiarize yourself with the terms and conditions below.

Contact us and let us know how many you'd like to send.

Please let us know how many you'd like to send. You'll be required to include your name, email, & number on a slip of paper inside the package. Additionally, we request that you write your name on the outside of the package with your return address.

Upon receiving the cards, we confirm safe arrival.

Once the cards have arrived, you'll receive an email from us letting you know the cards have arrived safely. Pre-screening can take between 3 to 10 days depending on current volume.

Let us know what cards you'd like to send.

We send the pre-screen over to you via email in an Excel document. You then choose which cards you'd like to send based on the predicted grades.

Please note: It is your responsibility to make sure the card data we type is correct, and if some data is not completely accurate, you must correct it and send it over to us in the original Excel document.

Turnaround Times

Standard Orders:

7-15 days (approx.) transit to PSA

3 weeks (approx.) time to register onto the PSA system

Up to 14 weeks at PSA (approx.)

5 Days (approx.) transit back to Ludkins

Shipment is at the end of the first full week of the month, every month.

All orders must be postmarked before the last day of the month prior to the submission or they are liable to be bumped to the next submission.

How to ship?

Using Toploader:

Please ship in soft sleeves and toploaders,

Please **DO NOT** place tape on toploaders.
